

METHODISTS WILL MEET AT FOUNTAIN AVENUE TOMORROW

Dr McMurry Will Preach Two Sermons in New Church Edifice.

Excellent Musical Programs For Services.

SOMETHING OF ORGANIZATION

The opening services at the Fountain Avenue Methodist church, which will be conducted tomorrow, will be an important event in the history of Methodism in Paducah, and in order that all Methodists may meet and worship with that congregation, no services will be held at the Broadway and Third street churches in the morning.

The fine edifice, which has just been completed, at Monroe street and Fountain avenue, is one of the prettiest in the city, and modern ideas prevail in the arrangement and architecture. Last night the congregation gathered in the edifice for the first time, the purpose of the reception being to greet the pastor, the Rev. E. W. Banks, and his wife, upon their return from the conference. Dr. Banks was returned here by the conference for another year.

The Tremble Street Methodist church, which is the same organization as the present church, the property at Twelfth and Tremble streets, having been sold to the Cumberland Presbyterian congregation, was organized in 1854 and the Rev. W. E. Sewell was the church's first pastor. Since then the following ministers have served the church: Warren Moore, Jr., George M. Harrison, J. C. Wilson, O. H. Duggins, J. W. Irion, W. W. Armstrong and G. W. Banks, the present pastor.

Dr. W. F. McMurry, who will preach at both morning and evening services, is secretary of the church extension board of the Southern Methodist church.

The program for tomorrow's services is:

Morning Service.
Mrs. B. J. Billings, organist.
Instrumental—(Select.)
Hymn, No. 2—"Come Thou Almighty King."
Hymn, No. 386—"Stand Up for Jesus."
Prayer, the Rev. J. W. Blackard.
D. D.

Evening Service.
Instrumental solo.
Voluntary—(Select.)
Hymn, No. 19—"Come Thou Fount of Every Blessing."
Offering.

Organization.
The organization of the church is: Official Board—John B. Davis, Sunday school superintendent; J. C. Martin, Silas Mitchell, R. B. Baker, trustees; C. W. Morrison, chairman; H. J. Billings, secretary; B. T. Davis, C. C. Duval, J. M. Gentry, George C. Warner, V. F. Moore, Albert Hink, H. L. Wallace, Silas Mitchell, Jr., T. H. Bridges, Ed Tyree, stewards.

Teachers of Sunday school: Mrs. B. T. Davis, Mrs. Eva J. Washburn, Mrs. Herman Karmes, Mrs. B. J. Billings, Miss May Mitchell, Mrs. J. M. Gentry, Mrs. C. P. Houseman, Miss Clara Rhodes, Miss Edith Morrison, C. W. Morrison, B. J. Billings.

Teacher of Baraca class: George C. Warner.
President Epworth League: Mrs. H. J. Billings.
Woman's Home Missionary Society: Mrs. B. T. Davis, president; Mrs. Ann Chastaine, secretary.
Young Ladies' Pastor's Aid Society: Mrs. O. H. Garber, president; Mrs. H. J. Billings, secretary.

40,125 UNEMPLOYED IN BERLIN

Census Shows Few Women Among the Ranks of Idle Workers.

Berlin, Nov. 21.—An official census of Berlin and its suburbs shows that there are today in this territory 40,125 persons without employment. Of this number only 1,716 are women. The remarkably small number of women who lack employment is accounted for by the great demand for domestic servants. Some socialist members of the city council have requested a house to house census, and claim that this would show larger figures.

REPUBLICAN MONEY.
New York, Nov. 21.—Advance figures show the Republican campaign fund was about \$1,700,000. Charles Taft was the heaviest contributor. He gave \$100,000. With the convention expenses his brother's success cost him a quarter of a million. About 20,000 subscribed, 9,000 in the west who gave a half million. Carnegie, William Crown, well, Thompson Morgan and Whitlaw Field, \$25,000 each. Richard Kerns, Adolph Busch and W. H. Dickey, of Missouri, gave \$5,000 each. Roosevelt gave \$1,000.

MINERS ENTOMBED; HOPE ABANDONED BY RESCUE PARTY

Butte, Mont., Nov. 21.—Sixty-four miners are entombed in the mine at Red Lodge by explosion and fire. Six were killed instantly and 27 escaped. Hope is abandoned for the imprisoned men.

Czar Walks to Funeral

St. Petersburg, Nov. 21.—The czar made his first appearance on foot in St. Petersburg since the coronation, attending the funeral of Grand Duke Alexis. He marched behind the caisson, a double file of soldiers on either side, and scores of secret police guarded him. Every course along the route was guarded.

Cotton Gin Report

Washington, Nov. 21.—The census bureau announced that 9,639,563 bales of cotton were ginned up to November 14, compared with 7,300,663 last year.

STRAUS TO AID UNEMPLOYED.

Secretary of Labor Will Announce Plan in Few Days.

Washington, Nov. 21.—All of the members of the cabinet attended the regular meeting today except Postmaster General Meyer, Secretary of the Interior Garfield and Secretary of Agriculture Wilson.

Secretary Straus, of the department of commerce and labor has developed a comprehensive plan for aiding the unemployed of the country. This plan he will announce and explain in his annual report to be made public in a few days.

Fire Damages Residence.

The home of Leo Bell, a colored barber, 819 Jones street, was damaged by fire yesterday afternoon. No one was in the house at the time and the origin of the blaze is unknown. The kitchen was gutted, but the firemen succeeded in saving the rest of the house. The damage will amount to \$300, with \$700 insurance. Fire companies Nos. 2 and 4 answered the alarm.

McKinley School Entertainment.

The teachers and pupils of the McKinley school, on Hays avenue, have arranged a very attractive program for an entertainment to be given for the benefit of the school league Monday afternoon at 3 o'clock. Music, recitations and tableaux will be the features.

Hadley Names Swanger.

St. Louis, Nov. 21.—Hadley announced he will appoint John Swanger, secretary of state, who was defeated for re-election, bank commissioner. The position was created by the last legislature and pays \$3,500.

WORLD PUBLISHES WHAT PURPORTS TO BE INTERVIEW WITH GERMAN RULER

New York, Nov. 21.—The World publishes an astounding statement, which it claims is the real interview of Mr. Hake with the kaiser. It declares Hake revised the article. It quotes the kaiser as saying King Edward hounded him 20 years and must stop. He insisted that Germany is the paramount nation of Europe and holds France in hand. Russia is no account and England a decadent nation, since the Tannenberg war. He cited the Japanese and de-

Adjutant General Says He Will Withdraw Some Troops From Black Patch—Fire at Mt. Vernon

Frankfort, Ky., Nov. 21. (Special.)—The official plurality of Ollie James is 8,024, and of Stanley, 4,018.

Frankfort, Ky., Nov. 21. (Special.)—The adjutant general states that a number of troops in the dark tobacco district will be withdrawn in the next few weeks.

Another Barley Deal.
Louisville, Ky., Nov. 21. (Special.)—Scatten & Dillon, of Detroit, bought three million pounds of barley from the pool at \$525,000.

Fire at Mt. Vernon.
Mt. Vernon, Ky., Nov. 21. (Special.)—Fire destroyed the Joplin block here this morning. The loss is \$15,000.

Woman Murders Woman.
Jackson, Ky., Nov. 21. (Special.)—Mrs. Almira Allen killed Mrs. Fanny Tut, this county. The cause is unknown. Mr. Allen was arrested as an accomplice.

THREE DEAD AND SIX MISSING.
As Result of Fire in Montana Coal Mine.

Butte, Mont., Nov. 21.—A careful check of the miners at the Northwest mine improvement company's colliery at Red Lodge shows that three men are dead and six missing as a result of fire. The missing miners attempted to escape by No. 2 entry and it is stated that there is not a chance that they have escaped, as that portion of the mine was fire raging fiercely. The fire was started by the lights on the caps of the miners and last night it was still raging.

ACTRESS WEBS INTO NOBILITY

Ellen Orme, 18 Years Old, Becomes Bride of English Viscount's Heir.

London, Nov. 21.—Another romance of the stage was recorded this afternoon in the marriage of Ellen Orme, a musical comedy actress, to the Honorable Morris Hood, heir of Viscount Bridport. Miss Orme is 18 years old and has appeared recently in "The Merry Widow." She is a sister of the better known actress Denise Orme. Mr. Hood is a lieutenant in the Naval Reserve.

Jewelry Sample Case.

Omaha, Neb., Nov. 21.—A sample case belonging to Charles F. Hartshorn, a traveling salesman for a New York, N. J., jewelry house, and said to contain \$10,000 worth of samples was today stolen from the sidewalk in front of the Henshaw hotel, it was later recovered at Hamburg, Iowa and Charles Leonard, former porter of the hotel, was arrested in St. Joseph, Mo., on suspicion.

Hot Men's Smoker.
Next Friday night the Hot Men of the Otego tribe will have a smoker at the hall on North Fourth street. A committee consisting of Al Foreman, William Hueck and Clark Fortson have been appointed to arrange for the evening's pleasures. Probably a mock trial in addition to speeches and games will be enjoyed, and afterwards a banquet will be served.

Thanksgiving for Poor.
Thanksgiving Day will not be observed by the charitable organizations this year. The only reception planned so far is the annual one by the women of the Home of the Friendless.

The Charities club will take no steps in this direction, as the work has just begun, but Christmas is expected to serve a dinner to the poor or distribute baskets among the needy.

Industry Resumes

The barrel department of the Paducah Cooperage company, in Mechanicsburg, will open Monday morning and give employment to about 100 men. The heading department has been running steadily, but business has picked up enough to justify the running regularly of the barrel department. The barrel department has been operated some this summer but only for short periods.

Stanley Milward Here.

Mr. Stanley Milward, of Lexington, member of the state board of control, passed through Paducah last night. He arrived at a hotel here at 6:10 o'clock and after a several hours' chat with friends in the city left early this morning for Lexington.

Hency Passes Crisis

San Francisco, Nov. 21.—Physicians announced that Hency passed the crisis last night. He is now out of danger and recovers.

BUSINESS LOOKS BETTER THAN FOR MANY MOONS PAST

Industries Are Resuming Operations in Paducah This Winter.

Bank Clearings Show Recuperation.

LOCAL TRADE LOOKS BRIGHT

Bank clearings \$613,808.

Better business conditions with the retail merchants as well as the wholesale dealers are reported this week in the business review. The outlook is most promising for the dealers and laborers, as several factories that have been closed for weeks will resume operation, and more money will be in circulation.

From every angle the business world is brighter, and a good part is that Paducah is affected. The Nashville Saddlery company has begun the operation of the old Starks-Ullman Saddlery company, and with a moderate force has begun to fill orders. The new owners are cramped for room in the present building, and the first move of the concern is for expansion. Theories that the firm would not remain in Paducah but for a short time may not be considered as one of the officers is credited with saying that the company had intended establishing branches for several years, and certainly the branch would be retained here.

Lumber dealers have begun to put belts on, and several mills have started out business to purchase logs. Ferguson & Palmer's mill, which has been closed for several months, will reopen December 1 with a force that will be increased when business will justify it. Monday the Paducah Cooperage company will resume operating the barrel department regularly.

In tobacco the sales have been quiet this week, as the weed can't be handled during the dry weather. All of the tobacco men, as well as many others, are smiling over the big barley deal of this week, which will mean the turning loss of \$12,000,000 in Kentucky. Its industry will spread over all Kentucky, and the tobacco grove in the pool will have money. Rumors of deals on for dark tobacco have begun, but nothing substantial has been done.

With Thanksgiving Day past the merchants will be on the lay for Christmas, and one of the biggest holiday businesses in years is expected by the retailers. The wholesale dealers report an unusually large business in toys, novelties, fireworks and all accessories for a proper celebration of the day that comes but once a year. Already the appearance of the advertisements in the newspapers reflect that the merchants are ready for the Christmas shopping, and the slogan is to make the purchases early.

Monday the wholesale dry goods houses will start out the traveling salesmen with spring samples, with every prospect of a good business. Prices in this line of trade have stiffened, and the only complaint is that collections are a little slow.

Retail trade has been excellent this week. Woollens and heavy goods have moved slowly simply because the weather conditions are not right, but the first cold weather will unload the shelves.

This week plans for the erection of a factory were received by Secretary Saunders Fowler, of the Commercial club, asking for bids on the erection of the building. The firm for business reasons has not given out any other information more than it is desirous of changing the location, and considers Paducah an advantageous point.

Bud Grissom Shoots and Kills Esq. Robert Kennedy in Quarrel Over Kennedy's Daughter This Morning

Graves County Tragedy Result of Father's Attempt to Avenge Alleged Insult to His Girl.

Mayfield, Ky., Nov. 21.—(Special.)—Squire Robert Kennedy was killed in front of his home, a few miles north of town, by Bud Grissom, as the result of a quarrel over Grissom's attentions to Kennedy's daughter. The killing took place shortly after 10 o'clock this morning. Grissom had formerly gone with Kennedy's daughter and it was reported he had talked about her. This morning he was moving and when his wagon was in front of Kennedy's home Kennedy went out with a shotgun and halted Grissom. He pointed the weapon at the young man and ordered him to get down and apologize to Miss Kennedy. Grissom got down and shot Kennedy with a pistol. He then came to Mayfield and surrendered. He said he shot in self-defense. Both men are well known. Grissom is 21 years old. His victim was about 50 and formerly was a magistrate.

Bryans in Mexico

Monterey, Nov. 21.—Bryan and wife arrived this morning. A delegation of officials and Americans met them at the station. There was a formal reception this afternoon. Bryan will rest ten days, then make a hunting trip in the mountains.

BRYAN'S DEFEAT GENERAL.

Murphy Says He Makes Mistake in Blaming It On Tammany.

New York, Nov. 21.—Charles F. Murphy, leader of Tammany Hall, is in Mount Clemens, Mich. His closest personal adviser who speaks for him frequently, when informed of Mr. Bryan's criticism of Tammany, said: "Mr. Bryan makes a serious mistake in blaming Tammany for his defeat. The defeat of Bryan was general, not local. This is evidenced by the fact that he failed to carry Missouri, a Democratic state, and Maryland, another Democratic state."

"He ran behind in Georgia and Kentucky. He failed to carry Erie county, where Norman E. Mack, the chairman of his own committee, and Will J. Conner have and are in control. Although Chanler carried the county by 5,000 Bryan lost it by 3,000."

"Bryan failed to carry Boston, a naturally Democratic city, and he lost Hudson county, N. J., another Democratic stronghold. Bryan's defeat simply shows that thousands and thousands of Democrats in the United States will vote for any Democrat except Bryan."

Rev. T. P. Ramsey Better.
Rev. J. W. Blackard returned to Paducah this morning after a visit to the bedside of the veteran Methodist minister, the Rev. T. P. Ramsey, who has been quite sick but is now on the road to a rapid recovery.—Mayfield Monitor.

Gen. Simon Rebels.

Port Au Prince, Hayti, Nov. 21.—A revolution, headed by Gen. Antoine Simon, the delegate of the southern department of the republic, who has just been deposed by President Nord Alexis, broke out at Les Cayes last night. Troops are being rushed to the scene of the uprising from every point in the republic.

Leg Fractured.

Lincoln, Neb., Nov. 21.—Gov. elect A. C. Shallenberger is confined to his room at the Lincoln hotel and is suffering from a fractured leg. He was injured while being initiated as a member of the Shlners.

WEATHER.

CLOUDY

Partly cloudy tonight and Sunday; not much change in temperature. Highest temperature yesterday, 60; lowest today, 48.

THE VOTE OF KENTUCKY.

Frankfort, Ky., Nov. 21.—(Special.)—Those who classified Kentucky as a doubtful state were wise, because the Democratic party cast less than half the votes in the state at the presidential election. The majority against Bryan was 1,742. He defeated Mr. Taft in the state only 8,000. More bets probably were made in the state on Bryan's plurality in Kentucky than on any other thing and most of the bets were whether Bryan would have 10,000 plurality. It was first said that Bryan had a majority of 20,000. The result shows that had the Fifth district come up with its estimated majority of 5,000 Taft would have carried the state. The count will be officially announced Monday.

NO RECORDS KEPT OF MEN EMPLOYED IN FATAL TRENCH

New York, Nov. 21.—One hundred and fifty men are still working at the scene of the explosion, trying to recover the bodies of the victims. Work is difficult and it may be Tuesday before it is completed. The exact fatalities are unknown. Fifteen men known to be missing and there may be a score more. The contractors had no record of the employees.

Mayor Smith's Child Falls

Little Miss Mary Orr Smith, the infant of Mayor and Mrs. James P. Smith, fell from the second story window of the home, 424 Washington street, this afternoon about 1:30 o'clock. Mrs. Oscar Starks, who resides across the street, saw the child fall and she went over and picked her up. The child was unconscious, but after a thorough examination Dr. Frank Boyd found that the child was not injured beyond a few bruises. No one was in the room, but it is thought that she was playing near the window and toppled over.

School Board Vacancy

A school trustee for the short term from the Sixth ward will have to be appointed as Mote S. Price, who was elected to fill the vacancy at the last election, has told Secretary C. G. Kelly that he will be unable to serve. Mr. Price will go to Mississippi and take charge of a mill this winter. He has been a member of former school boards.

Fatal Knockout Drops

St. Louis, Nov. 21.—Forté Sotai is dead and Theo. Peto and John Sotai dying. Niki Mitro is seriously ill. Police alleged a strange Greek of the name of Ito, gave knockout drops in their beer and stole \$127 from them. The stranger visited the room last night and promised the men jobs. They celebrated by drinking beer. This morning all were terribly ill and the stranger and money gone. Forté later died.

CORONER FINDS JONAS SMITH FIRED WILFULLY.

According to the coroner's verdict, Jonas Smith, the negro arrested yesterday morning for murder, shot his father, Amos Smith, with intent to kill. Smith says it was an accident, but after bearing the testimony of witnesses the jurors concluded that Smith shot with intent to kill. The verdict was: "We, the jury, find that Amos Smith came to his death by a gunshot fired by his son, Jonas Smith, with intent to kill. L. B. Langston, G. Chappell, W. H. Caldwell, Louis Broyles, J. G. Whitis and J. D. Yancey." Coroner Frank Eaker held the inquest late yesterday afternoon.

IMMIGRATION SHAKE-UP.

Secretary Straus Will Make Some Reforms at New York.

Washington, Nov. 21.—When Secretary Straus, of the Department of commerce and labor, was asked, just before the cabinet meeting, if he contemplated a "shake-up" among the officials of the immigration service at New York, he replied that an improvement in the service was in contemplation. "Public office is not a private franchise, as I myself will soon learn," said the secretary.

PREST. LINDSEY'S RESIGNATION IS HANDED TO MAYOR

Councilman From First Ward Finds Business Keeps Him Away.

Two Vacancies in the Lower Board to be Filled.

NO SUCCESSOR IS NAMED YET

President H. R. Lindsey, representing the First ward in the board of councilmen, has resigned and Mayor Smith today accepted his resignation. No successor to Councilman Lindsey has been appointed. Mayor Smith said he has not had time to consider the appointment. This makes two vacancies for the mayor to fill, as he will have to appoint a man in the Fourth ward in the place of Charles Donker, who was not eligible on account of his residence being in another ward.

President Lindsey's resignation was handed in because he said his business engagements recently have prevented him attending the sessions of the general council, and there is no possibility that he can attend to his official duties during the next month or more. The license ordinance must be considered and other important matters coming up at the end of the fiscal year require that every ward shall be properly represented by its full quota at the meetings. For this reason he feels that he would not be doing his duty to retain his seat without being able to perform the functions of a councilman.

Gompers Re-elected

Denver, Nov. 21.—Samuel Gompers was re-elected president of the American Federation of Labor. The reported opposition on account of his activity in Bryan's behalf in the recent election failed to materialize. It is expected the other officers will be re-elected.

Bro. Charley in Race

Cincinnati, Nov. 21.—Charles Taft has resigned as president of the Cincinnati Gas and Electric company, as the first step in covering all corporate connections so as to seek election to the senate. He is now regarded as a serious aspirant for Foraker's seat.

DR. CAYE WILL BE HONOR GUEST AT CHURCH BANQUET

The Rev. W. E. Caye, pastor of the First Presbyterian church, will be the chief guest Friday night at a 7 o'clock dinner to be given at the Woman's club by the four ladies' societies of the church to the male members of the congregation in honor of the twenty-fifth anniversary of Dr. Caye's pastorate. The anniversary was last Sunday, but on account of Dr. Caye's recent illness the celebration was postponed in order that he might be able to enjoy the event in physical comfort. The four societies joining in the dinner are the Missionary society, the Marshall Aid society, the Young Ladies' society and the Church Building society.

BURIAL OF BEN HUDSON HERE THIS AFTERNOON.

Mr. J. M. Hudson, of Hot Springs, Ark., arrived this morning. He is a brother of Mr. Ben Hudson, who died Thursday night from injuries he received early Thursday morning by being run over by an Illinois Central train. Mr. J. M. Hudson stated that his brother was 35 years old and was a railroad brakeman. He was born at Galesville, Allen county, Ky., and for several years had called Hot Springs, Ark., his home. His parents are dead and Capt. J. H. Pullen, of St. Louis, and his brother, who is here, are the only surviving relatives. The funeral was held this afternoon at 2 o'clock at Guy Nance & Son's undertaking parlors. The burial was in Oak Grove cemetery.

Address by Phonograph.

An interesting feature of the re-
cent convention of the Pennsylvania
Geographical Society of Lancaster was
the address of John Wansmaker, the
president, delivered entirely by pho-
nograph to the large assemblage.
Touched with business, Mr. Wans-
maker sent his annual address on
phonographic records, to be deliv-
ered by machinery, with a letter re-
gretting his inability to be present,
in which he wrote: "I send you nine
barrels of speech," referring to the
records, and his utterance delivered
to the society was possibly the first
annual address so made. Mr. Wan-
maker's "nine barrels of speech"
covered the history of the society
and outlined the work which is be-
ing done.

CONDITION OF TOBACCO CROP

Government Report Shows How the Industry Fared.

Yield Per Acre and Quality as Well
as Other Matters in Same
Connection.

NOTES OF CORRESPONDENTS.

Washington, Nov. 21.—The depart-
ment of agriculture has just com-
pleted a report on the tobacco crop this
year.

The following table shows the yield
per acre and quality, by districts, in-
volving the chewing smoking, snuff
and export types:

	Ave. per acre, qual.	
Burley district	760	77
Dark districts of Ken- tucky and Tennessee:		
Paducah district	779	87
Stemming or Henderson district	810	84
Upper Green River dis.	825	92
Upper Cumberland dis.	875	93
Clarksville and Hopkins- ville district	900	89
Virginia Sun-Cured dis.	790	88
Virginia Dark district	865	94
Bright Yellow:		
Old Belt—Vir. and N.		
Carolina	720	87
New Belt—Eastern N.		
Carolina and S. Car.	760	83
Maryland and Eastern		
Ohio export	700	91
Perique	850	75

The following notes are from re-
turns of special correspondents and
agents throughout the various tobacco
districts:

Burley District.
The area this year was very much
reduced, some of the large produc-
ing counties having none and others
a very small acreage. In northeast-
ern Kentucky, southern Indiana, Ohio
and West Virginia dry weather during
almost the entire growing season has
made the yield per acre much smaller
than usual. The cured leaf has
good color, but is thin and small. In
the southern part of the district, in
Kentucky, more favorable conditions
gave a better crop, both as to quality
and yield. The yield of 760 pounds
per acre for the entire district is over
200 pounds less than last year.

**Dark Districts—Kentucky and Ten-
nessee.**

Paducah District.—The acreage was
much larger in this district and plant-
ing two weeks earlier than last year.
Excessive rain damaged some fields
soon after planting, causing the stalk
to harden and small growth of leaf.
Favorable weather and proper cultiva-
tion later overcame the greater part
of this damage. The early-cut, the
larger part of the crop, went in the
barns in good condition, free from
damage, and has cured with good
color and body. The late cut was
damaged by dry weather before cut-
ting and has had color and thin leaf
on account of lack of moisture at cur-
ing time. The yield of 770 pounds
per acre is a little less than that of
1907.

Henderson or Stemming District.
Rain interfered with preparation of
the land, and planting was late. A
severe hailstorm over a part of Hen-
derson, Webster and Hopkins counties
in late July destroyed a number of
fields and injured others. Dry weather
during August and September
caused premature ripening, and a
large part was cut in this condition.
The crop has cured with very good
color, but is thin and of inferior qual-
ity as compared with a year ago. The
yield is 810 pounds per acre, or less
than in 1907.

Upper Green River District.
Planting was late, but the growing
season was favorable and a fine crop
was made. It went in the house in
good condition, with little damage by
worms or other insects. It has medi-
um size, color and body and cured
without damage from house burn.
This is one of the best crops ever pro-
duced in this district. The yield per
acre is 825 pounds, a decrease from
last year.

Upper Cumberland District.—This
is the largest and one of the best
crops ever produced in this district.
It was planted early, had a good
growing season, and suffered but lit-
tle damage from insects or unfavor-
able weather. It has good size, was
cut early, cured with little damage
from house burn or mold, and is of
good color and body. The yield per
acre is 875 pounds.

**Clarksville and Hopkinsville Dis-
trict.**—Planting was earlier than usual
and acreage larger than for several
years. The early part of the grow-
ing season was unfavorable but con-
ditions improved very rapidly during
July, and the early cutting, which
comprised the larger part of the crop,
went into the barns in good condi-
tion, free from any serious damage
by insects. Considerable damage was
done in Caldwell county, Ky., by hail
and wind, and some in other counties.
The early cut cured with good color
and body and is of fine quality. The
late cut was seriously damaged in the
field by dry weather in September and
cured with thin leaf and poor color.
As a whole the crop is of much better
quality than last year and is free from
house burn. The yield per acre is
860 pounds.

Virginia Sun-Cured District.
Early planting with favorable

weather during the growing season,
produced a fine crop. It went into
the barns in excellent condition, fully
ripe, and with good size. Damp, fog-
gy weather for several days while the
early cut leaf was curing caused mold
in some barns, but it has been impos-
sible to learn the extent of this dam-
age, as tobacco has been too dry to
examine thoroughly since it has
cured. Excepting mold, the crop is a
very fine one—size, sweet, with
good color and body. The yield per
acre is 790 pounds.

Virginia Dark District.
With early planting and favorable
weather the best crop for several
years was produced in this district. It
has good size, ripened thoroughly, and
suffered very little damage from
worms or other insects while in the
field. It was cut earlier than usual,
cured free from house burn, and
shows fine color and body. Heavy
rains in August did some damage in
the eastern counties of the district,
but the quality is better than last
year. The yield per acre is 865
pounds.

Bright Yellow District.
Old Belt—Virginia and North Car-
olina.—Planting was earlier than
usual and the acreage larger than for
several years. Heavy rains in August
caused large and coarse growth. Fully
ripe when cut, the cured product is
sound, sweet and of heavy body and
darker color than usual. It is very
desirable for manufacturing purposes,
but has a very small per cent. of fine
wrappers or cutters. The yield per
acre is 720 pounds.

**New Belt—Eastern North Caro-
lina and South Carolina.**—Planting
was early, and dry weather followed
and the plants were late in starting
to grow. Prospects indicated a good
crop at one time, but too much rain
when the crop was ripening and being
harvested reduced the quality very much
and caused it to cure much darker
than usual. Fine grades and wrap-
pers are scarce, most of the crop be-
ing medium and low grades. There is
also complaint of more than the usual
damage by insects in some counties.
Though in quality it is inferior to
last year's crop, it is sound and sweet.
The yield per acre is 760 pounds. It
is 110 pounds greater than in 1907.

Maryland and Eastern Ohio Export.
Dry weather made the planting late
but with favorable weather during
the growing season and little damage
from insects the crop went in the
barns in better condition than usual.
It is a sound, ripe crop and has cured
with good color. Quality is better
than last year, and the yield per acre
is 700 pounds.

Perique.
Quality of crop is much better than
last year and yield per acre 850
pounds.

1,000,000 Pounds of Equity Sold.
Owensboro, Ky., Nov. 21.—The
first load of the 190 crop of Davies
county tobacco was sold in Owens-
boro by Thomas Peske to N. H.
Cooke & Co. The prices were \$8 for
leaf, \$7 for lugs and \$2 for trash.

**D. Ford, chairman of the finance
committee of the Ohio County So-
ciety of Equity, has made the follow-
ing statement:**
"The sale of about 1,000,000
pounds of American Society of
Equity tobacco of Ohio county has
been made to the Imperial Tobacco
company at prices of \$9, \$3, \$8, \$8,
\$3, \$7, \$7, \$3, \$6, \$6, \$3, the to-
tals to be received at the Equity
warehouse at Hartford, money to be
paid when tobacco is delivered, un-
der conditional agreements. Typ-
e samples are to be drawn when to-
bacco is in condition to handle.
Should samples when drawn be satis-
factory to both buyer and seller, the
sale will be confirmed, otherwise the
finance committee of the American

Society of Equity reserves the right
to declare the deal off."

London is overstocked with hotels.
"No more enterprises of this kind,"
says one director, "should be com-
templated for ten years."

To observers in New York, where
great hotels apparently cannot be
built fast enough, this seems like a
strange state of affairs. It points,
however, merely to a characteristic
difference between the world's two
chief metropolitan centers.

London is, in the sphere of activity
to which the hotels belong, a city of
a season. Its landlords must look
for their prosperity to that time of
year when society and the tourists
are in town—particularly the tour-
ists. Then may they fill their rooms
and their lobbies. In New York, on
the other hand, there is no abso-
lute dull season for the hotels.
This city is a summer resort for thou-
sands of people from the west and
south; the spring and autumn bring
buyers and sight-seers in droves; in
winter society is at home, part of it
in hotel apartments and visitors on
business and pleasure bent do not
cease to pour in by boat and train.
New York swarms even coming and
going that very army of American
tourists which is an unusual blessing
to Europe.

London is England in such fashion
as New York never can be America.
But the British capital is not, as its
American sister is, the gateway to a
continent and the play center and
commercial capital at once of a na-
tion of travelers—New York World.

Like a Lover.

Hear how in the valley pipes the
mimic Spring.

Like a lover
Blending over;
Pipes now in the heart would sing,
Wandering, springing,
Leaving and sighing:
"Sweetheart,
Sweetheart,
Awake!"

Substantially one-third of the en-
tire industrial capital of Brazil is lo-
cated in cotton mills.

Daily Thought.

They never waste who always

drink; they always talk who never

think.—Prior.

AN APPRECIATION.

It is only when public attention is

directed by a venal and corrupt press

to an official like Judge Thomas P.

Cook, of the Third judicial district,

and he is seen in contrast with those

around him, that his true nobility is

appreciated. When the Louisville

Herald dared to criticize his methods

of pursuing criminals in the Black

Patch, it was not aware of aspersing

the character of the only circuit

court in Kentucky that is opened

with prayer.

It may be true that the smoke

from smoldering tobacco hangs like

a pall above the red glare of burn-

ing cabins and barns in the counties

of the Third judicial district; but the

action of the Calloway county grand

jury in indicting the Herald to para-

phrase the national anthem, "gives

proof through the night that our

court is still there."

Arson and murder may be having

their day; Kentuckians' backs may

be striped with a hickory club; hu-

man liberty may be curtailed and or-

ganized outlaws may dwell secure in

every community; but their conduct

only emphasizes by comparison the

Christian piety that marks the de-

meanor of Judge Cook. He has not

done any of these things. The Cal-

loway and Lyon county grand juries,

to which he himself referred rumors

of his alleged sympathy with the

night riders, failed to return indict-

ments, and the Calloway grand

jurors even went so far as to declare

they did not believe a word of the

rumors. While many of his neigh-

bors in the district have been riding

the pikes at night, whipping inno-

cent citizens, shooting into their

homes and burning their property,

Judge Cook has sat virtuously upon

the bench, an example in well doing,

hoping, no doubt, by his patience and

forbearance to win them back into

paths of righteousness.

It may be that there has been

more organized and aggravated law-

lessness unpunished in the four coun-

ties of his district than in any other

section of Kentucky, but is he to

be blamed, because he happened to be

born and reared and elected in a

community that harbors so many

lawless characters? In his charge to

the jury he has been unbridled in

his denunciation of all forms of

wrong-doing. If there have been

night riders on the juries, he did not

place them there. It is true he se-

lected the jury commissioners, and

he has been criticized unjustly in

Christian county, because he ignored

the request of the law and order

league for one commissioner from

Hopkinsville; but if the names of

night riders get into the jury wheel,

how can the commissioner help it?

If there is any one institution in

the counties of Christian, Trigg,

Lyon and Calloway, that stands forth

pure and undefiled, unsullied by the

reign of terror going on around it,

that never fails to first invoke divine

guidance in the dispensation of jus-

tice, it is the circuit court of the

Third judicial district.

It is the last hope of redemption

in that section, if the Herald please,

and the court does well to protect

itself from aspersions, that there may

be one place in the Third district that

is free from the taint of lawlessness,

toward which the sin-stained moral-

ity of his erring, may look and say

to himself, there I will find sanctu-

ary from temptation.

The Calloway grand jury, that

once before showed its loyalty to the

cause of justice by defending the

court's good name against foul

calumny, has indicted the Herald for

criminal libel. The grand jury failed

to purify the ballot of Calloway coun-

ty by indicting Republicans, who

voted with the law and order Demo-

crats and helped elect their ticket at

the county primary; but it is enough

at this time that the court's good

name is defended.

THE GREATEST OF THESE.

Perhaps, without consideration,

the average citizen thinks the city's

duty has been performed when it has

provided a warm, well equipped hos-

pital for the sick poor of the city. But

the doctors know how much sick people

need kindly ministrations, cheerful

surroundings and interest to take

their thoughts away from themselves.

All of these things are included in the

term "nursing," and yet they are

things a hospital, not endowed, can-

not hope to give the patients.

None need these little attentions

more than the poor. They have not

the kind friends to minister to them.

Their families are not able to pro-

vide comforts and delicacies. People

removed from familiar surroundings

to a bare hospital ward sometimes

are oppressed by their environments

and the uncompromising profes-

sional atmosphere of the place.

Flowers, books and a pretty view

outside; a light, airy, sunny room in

which to lounge away the days of

convalescence hasten the time of full

recovery and more—they stimulate

the mental and moral faculties, they

impress on the mind of the invalid

the true relationship between beauty,

cleanliness, and right living at an

hour when his mind is receptive and

responsive.

People of Paducah could support

no humanitarian project that would

be more beneficial than the Hospital

league proposed by the good women

of the city. There are many projects

launched nowadays that are futile

and the laughing stock of those who

understand the circumstances; but in

this project the hospital board and

the physicians are in hearty sympathy

and the league will never attempt to

interfere with the vested authority

or act without its sanction.

To touch a human soul with kind-

ness; to show those poor people,

lonely in their isolation and wretched

in the knowledge that their illness

is depriving someone dependent on

them of sustenance, that there is

sympathy in this great world besides

the pitiless charity that heals the

physical pain and wounds him deeper

than any surgeon's probe can ever

sound, is the mission of this society.

Riverside hospital is an institution

that never has fallen under the bale-

ful influence of politics. It is con-

ducted chiefly by the physicians of

the city, who give their time to the

charity wards, and it will be made an

institution still more deserving of the

public's pride by this new movement.

Its grounds and surroundings need

much improvement. There is a hol-

low back of it that eventually must

be constructed into a park. This is

another feature the women can look

after.

THANKSGIVING.

Roasted chestnuts, well-cooked

turkey, the tawny pumpkin pie, and

the swollen larder are playful sym-

bols of the holy day, the purpose of

which is to bid defiance to oncoming

winter. Men make them a fro, and

heap the table and gather their

friends that they may voice their un-

concern for the sullen months just

ahead. Thanksgiving Day is the stir-

rup-cup to the long journey. We

rejoice that we may rise and march

again. Thanksgiving Day is the scar-

let banner that we throw out to the

November winds. We accept the

challenge of winter, the rigors of un-

lovely climate, the gathering of snow-

drifts. Frozen and wind-whipped

and driven to cover, we make of

man's natural enemies the orchestral

accompaniment to his banqueting,

and listen to the north wind driving

down the street as to stringed instru-

ments—a lullaby of gray wolves.

Man tunes him a chorus from the im-

pleasable elements in his own destiny.

He hears an altar to the powers that

flay him, sacrifices strange birds and

beasts to his unruly fate, and drinks

to the everlasting memory of his

agony.—Editorial in Collier's for No-

vember 21.

CURRENT EVENTS.

Idle Women Should Awake.

Miss Jean M. Gordon, factory in-

spector in New Orleans, spoke at the

recent National Suffrage association

in Buffalo.

"Too long the men and women of

leisure and education in America have

left the administration of our public

affairs to fall into the hands of a class

whose conception of the duties in-

volved in public service is of the low-

est order. I once heard an address

given by Mr. Wines, of the Prison

Reform association, in which he said

we left the most important positions

to be filled by the lowest winds of po-

litical appointees. We regarded all

such positions as superintendents of

penitentiaries and wardens of jails as

unworthy of men of education and

social standing, whereas they should

be regarded as positions which should

demand abilities of the highest order

—that is, if our penitentiaries and

jails are to be regarded as reforma-

tories.

"I have grown to feel the same way

about the positions our women are

filling. Instead of being regarded as

only fitted for women of ordinary po-

sition and intellect, all positions such

as superintending reformatories, ma-

trons, and women factory inspectors,

work, should be offered to women of

position, education, refinement, and

independent means. Then they are

above the temptation of graft or the

fear of losing their position. Again,

they are on a social footing with the

manufacturers, and no mill or factory

owner likes to meet the factory in-

spector at a reception or dining in the

home of a mutual friend if he is try-

ing to evade the law. She might tell

on him, you know, before all his

friends!"

"American women of leisure must

awaken to an appreciation of the

democratic idea of noblesse oblige.

They must learn that the day of alms-

giving is passing. The great Ameri-

can public is becoming an educated

one, and is beginning to resent the

hand of charity always being extended

when it asks for justice."

DECIDING GAME TODAY.

Football teams of Wisconsin and Chi-
cago Universities.
Madison, Wis., Nov. 21.—As a pre-
lude to the football game here, which
will decide the national champion-
ship of the west, a dinner was given
last night to the teams of the two
universities of Wisconsin and Chicago.
The Chicago team, which was a five
to four favorite in the betting, ar-
rived here. The members of the team
expressed confidence of victory, but
Wisconsin's supporters maintained
sturdy optimism in the face of Chi-
cago's claims. Every indication is
that both teams appear on the grid-
iron with all their strength and that
the victory would go to the team
most adept in the new open game.

"WE OUGHT TO POOL ISSUES."

Rockefeller and Artist Mutually Ad-
mire Other's Talent.

New York, Nov. 21.—During the
Sunday intermission Mr. Rockefeller
asked the newspaper reporters
for printing his maxims on the care
of the stomach.

"Don't you boys think you violated
my confidence?" he asked, with a
quizzical smile.

"I meant what I said for your spe-
cial benefit; but I suppose the advice
is good for everybody, so I don't care
very much."

Mr. Rockefeller then asked one of
the artists who had been sketching
him to let him see the picture.

"I wish I had your talent," said the
richest man in the world, gazing ear-
nily at the portrait of himself.

"I wish I had yours," quickly re-
sponded the artist.

Mr. Rockefeller laughed heartily
and extended his hand, which the ar-
tist shook. The Standard Oil man saying:
"We ought to pool issues."

Art Department's Delightful Morning.

The Art department of the Woman's
club, Mrs. Victor Voris, chairman,
held an interesting meeting this morn-
ing at the club house. Francis
Boucher, the French artist, was enter-
tainingly discussed by Mrs. Lucy Ho-
blouf Ford. Miss Ora V. Leigh gave
a delightful resume of the life and
work of Jean Baptiste Greuze. Mrs.
Edmonia Daniels, of New York City
was a pleasant visitor and told very
charmingly some personal reminis-
cences of Hoffman, the German artist
whom she knew when she spent sev-
eral years in Germany. An exquisite
copy of the Hoffman picture of "The
Christ in the Temple" was shown by
Mrs. Daniels. Mrs. Victor Voris gave
a clever talk on "Artistic Colors,"
treating the subject in an informal
way.

Fifty Cents a Month

A small bottle of Scott's
Emulsion costing fifty cents will
last a baby a month—a few drops
in its bottle each time it is fed.
That's a small outlay for so large
a return of health and comfort.
Babies that are given

Scott's Emulsion

quickly respond to its helpful
action. It seems to contain just
the elements of nourishment a
baby needs most.

Ordinary food frequently lacks
this nourishment; Scott's
Emulsion always supplies it.

ROBERT WILSON

WELL-KNOWN YOUNG MAN OF
BENTON PASSES AWAY.

Member of Baptist Church and Pop-
ular Among Associates—The
Funeral.

Robert Courtney Wilson, a well-known young man, who has many relatives in Paducah, died at his home at Benton last night after a long illness of tuberculosis. The funeral was held this afternoon and the burial was in the Wilson cemetery near Benton.

Mr. Wilson was 27 years old and unmarried. Besides a mother, he leaves one sister, Mrs. Dr. Foster, and five brothers, the Rev. Lloyd T. Wilson, of Newport News, Va.; the Rev. Frank Wilson, of Benton; Wallace D. Wilson, of Hriensburg, and James R. and Rollo D. Wilson, of Paducah. He was also a nephew of R. L. Ely, of the Ely Dry Goods company. Mr. Wilson was a consistent member of the Baptist church.

Perhaps the most curious of polishing wheels is that made of corn husks for finishing shell or bone combs.

Plutocrats of the Soil.

The Republican party, ever since it attained power nearly half a century ago, has been working in the interest of the farmers as well as of all the rest of the workers. The farms and farm property of the country, which amounted to \$7,980,000,000 in 1860, the year immediately preceding the Republicans' entrance into office, reached \$25,000,000,000 in 1907. The value of the farm animals of the country, which was \$1,000,000,000 in the former year, was \$4,121,000,000 in the latter. The cotton production of 1860, which at the time was considered wonderfully large, was 4,861,000 bales, but it was 12,000,000 bales in 1907. And the prices which the planter obtains for his cotton now are much greater than they were then. In most of these items the growth has been far greater than it has been in population.

Half a century ago, when Hannum, Toombs, Cline and other southern statesmen were proclaiming that cotton was king, the average annual value of the crop was about \$100,000,000. In 1907 it amounted to \$675,000,000. When, in 1860, the value of the corn crop was about \$250,000,000, who would have dreamed that it would reach a sum

more than five times as great in 47 years? Yet, the farm value of the corn yield of 1907 was \$1,337,000,000. The aggregate value of the country's farm products, which was \$1,000,000,000 in the year of Lincoln's first election, will reach fully \$8,000,000,000 in this Taft campaign year. More persons are engaged in farming than in any other occupation. As compared with a third or a half of a century ago, there are fewer mortgages on American farms, and the farmer has more money in the savings bank and in railway bonds. He wears better clothes, eats better food, gives his sons and daughters better education, is housed better, has more books and newspapers in his home, has luxuries which were formerly beyond the reach of the agriculturists of the country, and has a mastery in fields, which, in the old days, he never dreamed of entering. For this transformation in the American farmer's condition he is largely indebted to the wise legislation of the Republican party.—Leslie's Weekly.

Britain imports about \$10,000,000 worth of timber, wool and manufactures thereof yearly, of which the United States supplies about \$22,000,000 worth.

CHAIN OF COLLEGES PLANNED
Boston Man Hopes to Educate Country People by Novel Method.

Boston, Nov. 21.—Alarmed at what he considered a dangerous growth of socialistic teaching, Edmund D. Harboure, a retired merchant, is about to arrange for a chain of thirty colleges throughout Massachusetts, all directed by one administration. Mr. Harboure believed that most college educated persons flock to the cities. His plan seeks to counteract this tendency by affording persons in the country a training in liberal arts.

College professors in existing institutions will be employed for the lectures, and for buildings, the vacant hours of public schools, lecture halls and libraries will be utilized. Such instruction will cost each student \$175 for the entire four years' course.

Mr. Harboure believes his plan will develop the type of country gentleman of England and France.

Great Engineering Feat.

"What is it notable for the size of the work involved," said Mr. F. J. McCarty of Los Angeles, Cal., at the Ritz hotel last night, "the Panama canal is not such a great engineering feat as the public is led to believe. It does not equal in difficulties the job we have gladly undertaken to give our city the finest supply of mountain water in the world. We are going to bring this

water 250 miles from the snow rivers of the Sierras across a desert 150 miles wide, through tunnels and across another river. To do this we are building rock tunnels and conduits, the work on some of which has already begun. We expect to spend \$185,000,000, all of which Los Angeles and California will furnish.

"Nobody knows just how much cement is going to be necessary for the work, but we have found some of the best cement rock in the country near Los Angeles, and the work of erecting our own plant is under way. This plant is to cost \$850,000, and it will pay for itself, engineers

say, because, when the aqueducts are completed, it can furnish all the cement for building operations around the city needed for a quarter of a century.

"The work has been planned by Los Angeles engineers, and most of it is to be done by Southern California labor. It is expected that the whole work will be completed in eight years, and that water sufficient for a population of 4,000,000 persons will be obtained. In addition to this, there will be water to irrigate 1,500,000 acres of the best land in the world."

The Week In Society.

DANCE THE DREAM AWAY.

If life's a dream—a riddle,
As still the ages say,
We'll keep time to the fiddle
And dance the dream away!

II.
In winter we'll go singing,
And reap the rose of June,
But still this word comes ringing:
"The music stops so soon!"

III.
Yet while the time is racing
To meet another day,
It's joy that we're embracing,
So—dance the dream away!

TAMPED WITH DANGER.

Finally Had to Give Up Coffee Drinking.

Because the "poisonous" drug in coffee does not "kill right out," many persons do not think there is any poison there.

But there is. Caffeine, the drug in coffee, causes undue action of the heart which results in palpitation and weakness. These often cause chronic heart trouble which may shorten life. "Palpitation, nervousness, insomnia and other coffee symptoms, are the danger signals nature throws out to the coffee drinker.

"While yet an infant on my mother's knee," writes a Penna. lady, "she gave me sips of coffee. As I grew older, my appetite for coffee was indulged until I did not enjoy a meal without it.

"By the time I grew to womanhood, I began to suffer the consequences. My stomach had become disordered, and often at night I could not sleep for hours on account of palpitation of the heart.

"I was induced to stop coffee, but as soon as I was better, I would again tamper with danger by going back to it. After several such experiences, I tried Postum.

"At first I did not like it. But I soon found by following directions on package that it was easy to make good Postum and I now sit down to my meals with a cup of rich golden brown Postum by my plate and it makes the meal a feast fit for a king.

"Best of all, while I enjoy my feast, my health improves steadily. My sister, who used to have spells of acute indigestion from coffee, now enjoys real comfort from Postum, which we all have three times a day."

"There's a Reason."

Name given by Postum Co., Battle Creek, Mich. Read "The Road to Wellville," in packages.

Ever read the above letter? A new one appears from time to time. They are genuine, true and full of human interest.

THEY INJURE CHILDREN.

Ordinary Cathartics and Pills and Harsh Physic Cause Distressing Complaints.

You cannot be over-careful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given. Ordinary pills, cathartics and purgatives are too apt to do more harm than good. They cause griping, nausea and other distressing after-effects that are frequently health destroying and a life-lasting annoyance.

We personally recommend and guarantee Rexall Orderlies as the safest and most dependable remedy for constipation and associated bowel disorders. We have such absolute faith in the supreme virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it as our risk.

Rexall Orderlies contain an entirely new ingredient which is odorless, tasteless and colorless. It embraces all the best qualities of the soothing laxative, strengthening and healing remedial active principles of the best known intestinal regulator tonics.

Rexall Orderlies are extremely pleasant to take, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very natural action upon the glands and organs with which they come in contact, act as a positive and regulative tonic upon the relax, dry muscular coat of the bowels, remove irritation, dryness and soreness, overcome weakness, and tone and strengthen the nerves and muscles, and restore the bowels and associated organs to more vigorous and healthy activity.

Rexall Orderlies not only cure constipation, but they remove the cause of this ailment. They also overcome the necessity of constantly taking laxatives to keep the bowels in normal condition.

There is really no similar medicine so good as Rexall Orderlies, especially for children, aged and delicate persons. They are prepared in tablet form and in two sizes of packages: 12 tablets, 10c, and 36 tablets, 25c. W. B. McPherson, Druggist.

Guests for the Winstead-Montgomery Wedding.
A number of out-of-town guests will be present for the Winstead-Montgomery wedding and contribute to the brilliancy of the event:

Mrs. Fendren Mitchell, of Thomasville, Ga.; Mrs. J. H. Roberts, Mrs. D. C. Newman and Miss Mary Louise Roberts, all of Jackson, Tenn., are the guests of Mrs. Samuel H. Winstead and the Misses Winstead, 629 Washington street.

Miss Eva Louise Taylor, of Jackson, Tenn., is with Mrs. W. B. Mills, 428 Washington street.

Mr. and Mrs. George Tinker, of New Orleans, will be at the Palmer House.

Mr. John Swift Montgomery, Jr., Judge John S. Montgomery, Mr. Irwin McIntyre and Mr. Walter Hammond will arrive Monday at noon from Thomasville, Ga.

Mrs. Andrew K. Jobe, Miss Laura Jobe and Mr. Bruce Edenton and the Rev. J. H. Roberts, from Jackson, Tenn., will come in Wednesday morning and will complete the wedding guests.

Charming Afternoon Tea.
The afternoon tea given by Miss Julia Scott and Miss Mary Scott at their home, 725 Madison street, on Friday from 3 to 5 o'clock, was a pretty compliment to their house-guest, Miss Eunice DeHart, of McMinville, Tenn., and to Miss Lillie May Winstead and her bridal party.

The pink and white color motif was prettily elaborated in the decoration of the room. In the dining room a tall pink vase of the Japanese chrysanthemums formed the centerpiece of the table. Pink tulle and smilax twined the chandeliers and pink tulle further emphasized the color effect.

Receiving with the Misses Scott in the reception room were: Miss Eunice DeHart, Miss Lillie May Winstead, Mrs. Fendren Mitchell, of Thomasville, Ga.; Miss Corinne Winstead, of Jackson, Tenn.; Miss Mary Owen, Miss Rella Coleman, Mrs. Paul Province.

The bridesmaids will be: Miss Mary Louise Roberts, of Jackson, Tenn., a cousin of the bride; Miss Eva Louise Taylor, of Jackson; Miss Laura Jobe, of Jackson; Miss Blanche Hillis, Miss May Owen, Miss Rella Coleman.

Little Miss Lena Ulterback is the ring bearer.

Mr. Irwin McIntyre, of Thomasville, Ga., is the best man.

The groomsmen and ushers are: Messrs. Walter Hammond, of Thomasville, Ga.; Bruce Edenton, of Jackson, Tenn.; Samuel H. Winstead, Jr.; Wallace Well, George DuBois, Douglas Bagby, David Koger, Howard Foss, Joseph Exall, Dr. I. B. Howell.

Miss Winstead was gowned in a pale green messaline made empire style, and trimmed with jeweled lace. Miss Scott wore an empire gown of deep cream over silk. Miss DeHart was effective in an old rose messaline, made empire style. Miss Mary Scott wore a gray-blue messaline of the empire-directoire style. Mrs. Mitchell was in a directoire gown of pink liberty satin.

"The Home's" Thanksgiving Reception.
Just on the threshold of Thanksgiving there is always a pause in the rush of social pleasures and club pursuits, that the annual Thanksgiving reception for the Home of the Friendless may not be crowded even to one side. It must be the center of things at the Thanksgiving season, and every one strives to make it so. It is no mere duty visit, this going out to the Home at Thanksgiving, but has always had its special

joy for those who go as well as those who send.

This year there will be a difference. The Home is quarantined to visitors to prevent any contagious disease coming among the 40 children, who are now well and thriving; so these little ones must miss the pleasure of seeing the visitors and the generous contributions in which they have always revelled. The joy of the gifts can be theirs later though, and there should be no curtailment in the donations because the reception is not at the Home as usual. The need is greater than ever this year and the board of directors will receive at the Woman's club house on Wednesday afternoon from 2 to 5 o'clock, and hope much from a generous public.

Wachtel-Wallerstein Wedding.
The Macon Daily Telegraph, Macon, Ga., of Wednesday morning says:

"The marriage of Miss Gertrude Wachtel and Mr. Melvin Wallerstein, of Paducah, Ky., was a beautiful event of last evening at the Temple Beth-Israel, which was handsomely decorated for the occasion.

"A large assemblage of friends of the contracting parties witnessed the impressive ceremony, at which Rabbi Harry Weiss officiated.

"Mr. Gus Wachtel was master of ceremonies, and the ushers were Mr. Alex Wachtel, Mr. Philip Wachtel, Mr. Leo Wachtel and Mr. A. A. Shulhafer.

"The bride was attended by her sister, Mrs. A. A. Shulhafer, as a matron of honor, and the groom's best man was his brother, Mr. Herbert Wallerstein, of Paducah.

"The bride and groom left last night for a trip north before going to Kentucky, where they will be at home to their friends at Paducah.

"Among out-of-town guests at the wedding were Mr. and Mrs. J. Wallerstein and Mr. Dreyfuss, of Paducah; Mr. Emmanuel Kaufman and Miss Sara Jacoby, of Atlanta; Mrs. A. B. Baum and Misses Helen and Adeline Baum, of Dublin, Ga.; Mr. and Mrs. Milton Levy, of Atlanta.

"The bride, who is one of the most beautiful young women in Macon, wore an exquisite robe of Duchess lace, made en train, and the long tulle veil fell in dainty folds over her shoulder bouquet of brides roses and lilies of the valley.

"After the ceremony a reception, was held at the home of the bride's parents, Mr. and Mrs. Charles Wachtel. Great stands were filled with pink roses and carnations, and these flowers were massed on the mantle and buffet.

"Mrs. Wachtel received the guests, wearing a gown of chiffon cloth, in the daintiest shade of lavender. With this toilet were worn beautiful diamonds.

"Mrs. Jacob Wallerstein, mother of the bridegroom, was especially handsome in an elegant princess lace gown. Her jewels were pearls and diamonds and she carried American Beauty roses."

Mr. Gilbert Honored in New York.
Mr. Harry M. Gilbert, of Paducah, is receiving complimentary recognition in the musical circle of New York where he recently located. At present he is working up the solo numbers for his forthcoming concert tour with Mr. Albany Mitchell, the celebrated English violinist, and is studying with Mr. Ward Stephens, a prominent coach and musical authority of New York. He is also engaged as coach and accompanist for several of the leading grand opera stars of the Manhattan and metropolitan companies. Mr. Gilbert's tour will begin January 1, and will extend through the south and east, closing June 1. Mr. Gilbert has been elected an active member of the Maas script society, the most influential and exclusive organization of composers in America, of which Mr. F. X. Arens is president, Dr. J. Christopher Marks, vice president, and Prof. F. W. Riesberg, secretary. Mr. Gilbert will have some of his own compositions on the programs of the society during the present season. He and Mr. George Smith, the Louisville violinist, who was formerly associated with Mr. Gilbert in Paducah, and who is now doing concert work on eastern vaudeville circuits, are living together.

Pleasant Anniversary Reception.
The Mite society of the First Baptist church received informally on Friday evening from 8 until 11 o'clock at the parsonage of the church in celebration of its 37th anniversary. The officers of the society are Mrs. W. E. Covington, president; Mrs. J. H. Puryear, vice president; Mrs. E. B. Richardson, secretary, and Mrs. J. M. Hinton, treasurer, and the society is one of the oldest in the city. The Rev. M. E. Dodd, the pastor of the church, and Mrs. Dodd assisted the society in welcoming the guests who called during the evening. The room was prettily decorated with plants and flowers. Mrs. Claude Baker presided at the frappe bowl assisted by Mrs. D. E. Wilson. A delicious salad course luncheon was served. A reading by Mrs. H. H. Duley was a pleasant feature of the evening.

Church Reception.
A pleasant reception was given in the parlors of the Fountain Avenue Methodist church on Friday evening from 8 until 10 o'clock in compliment to the pastor and his wife, the Rev. G. W. Banks, and Mrs. Banks. The rooms were attractively decorated with palms, ferns and cut flowers. Delightful refreshments were served during the evening. The occasion was most pleasant.

SOCIAL OCCASIONS.
Mr. and Mrs. George Langstaff, Jr., were delightfully surprised on

Monday evening at their home on Kentucky avenue by a number of their friends. It was the 25th anniversary of their wedding and a pretty party with silver wedding features had been planned by the storming guests and beautifully carried out. A silver loving cup was presented in honor of the day and a number of clever toasts were made. The occasion was a delightful one.

The Woman's club celebrated its second anniversary with a beautiful reception on Monday evening at the club house. The rooms were attractively decorated in the club colors, yellow and white, prettily emphasized by the yellow and white Japanese chrysanthemums. A delightful salad course luncheon was served in the dining room on the second floor and punch in the committee room across the hall. Receiving in the reception room were: Mr. and Mrs. James A. Rudy, Miss Adeline Morton, Dr. J. Q. Taylor, Miss Anna Webb, Mr. George C. Wallace, Mr. and Mrs. D. Wilcox. In the library were: Mr. and Mrs. John J. Berry, Mr. and Mrs. James Wells. In the lower hall were Dr. and Mrs. Victor Voils and Mrs. J. C. Flournoy. In the upper hall were Mr. and Mrs. Hubbard S. Wells. Serving in the dining room were: Mrs. Paul Province, Miss Ethel Brooks, Miss Mabel Nichols, Miss Zula Cobbs, Miss Ora V. Leick. Punch was served by Mr. Frank Hoyd, assisted by Mrs. William Webb and Miss Belle Cave.

A pretty social function was the card party on Thursday afternoon at the Elks' club rooms given by a number of the society girls, in honor of visitors in the city. Advantage was taken of Thursday being Ladies' day at the club to make it a gracious compliment. The visitors' prize was won by Miss Eva Taylor, of Jackson, Tenn. The home prize went to Miss Elsie Hodge, who presented it to Miss Lillie May Winstead, a bride of next week. Punch was served during the afternoon and luncheon at the close of the game. The honor guests of the entertainment were: Mrs. George Tinker, of New Orleans; Miss Mary Louise Roberts, of Jackson, Tenn.; Mrs. Fendren Mitchell, of Thomasville, Ga.; Miss Eunice DeHart, of McMinville, Tenn., and Miss Eva Taylor, of Jackson. Those present were: Ora Emmlinger, Mary Kyle, Mildred Rouse, Addie Hurly, Marie Abernathy, Midge Perry, Emma and Vera McIntyre, Maurice Bonner, Elizabeth Bonner, Anna Mae Bonner, Bridgerman Olden and Athel Perry.

Miss Gertie Peyton entertained a number of her friends most pleasantly on Wednesday evening at the home of her parents, Mr. and Mrs. J. E. Peyton, on the Horton road, in honor of her birthday. It was, also, a house-warming and was celebrated with an old-time Kentucky quail and will game supper.

Mrs. S. G. Browning, 621 South Ninth street, entertained with an elaborate dinner on Sunday, in honor of the birthday of Mr. Browning. A number of his friends were invited, and he was given an agreeable surprise.

The Knights of Columbus entertained on Wednesday evening at the K. C. hall, on Broadway. It was a dance and book storm and the occasion was most pleasant. Refreshments were served.

CLUBS.
The Delphic club discussed an interesting program on Tuesday morning at the Carnegie library. "The Story of the Odyssey. Advance in Retirement," was given by Miss Matie Fowler. "Costumes and Manners of the Times as Pictured by the Illiad and the Odyssey" was outlined by Mrs. George Langstaff, Jr. "Theodol: Works and Days; Theognis" was covered by Mrs. Louis M. Riecke.

The Matinee Musical club rendered a delightful program from American composers on Wednesday afternoon at the Woman's club. Lieb-ing, Dudley Buck, Mrs. H. A. Beach, Mrs. Chadwick and Homer Bartlett were the composers. Taking part in the music were Miss Courtie Buryear, Miss Anne Bradshaw, Mrs. Frank Burns, Mrs. James Wells. Mrs. Hal Corbett read a paper on "American Composers."

The Woman's club held an all day sewing for charity on Thursday at the club building, under the auspices of the Philanthropic department of the club. A short business session of the club was held in the afternoon, after which tea was served, and Miss Alice Compton gave a delightful talk on "Settlement Work in England." Mrs. Mike Michael was elected to club membership.

The Literary department of the Woman's club discussed Bryant, the father of American song, most entertainingly on Friday morning at the club building. The papers were presented by Mrs. Thomas Turner and Mrs. E. G. Boone.

The Kaloophic club presented an interesting program on Friday morning at the Woman's club house. Fra Angelico, the artist, and some phases of his art were discussed by Miss Caroline Sowell, Miss Eloise Bradshaw and Miss Philippa Hughes. Miss Ethel Morrow reported Current Events.

WEDDINGS.

Announcement was made this week of the engagement of Mr. Vincent A. Salvo, of Paducah, to Miss Hattie Wadsworth Fisher, of Bolivar, Mo. The wedding will take place January 12, 1909, at 1:30 o'clock, in the afternoon at the home of the bride's parents, Mr. and Mrs. Caleb Hunt Fisher, in Bolivar. The Rev. Sullivan, D. D., performed the ceremony. The bride wore a becoming traveling costume of dark blue, with hat and gloves to harmonize. The couple left immediately after the ceremony for a bridal trip up the Tennessee river on the Clyde. They are popular young people of this city.

Miss Mamie Page, of the Mayfield road, and Mr. G. W. Wilkins, of the city, were married on Wednesday afternoon at the home of Mr. W. A. Goads, 1247 Trimble street. The Rev. G. W. Banks, of the Fountain Avenue Methodist church, officiated. They will reside here.

Miss Alma Ross and Mr. John H. Hawkins, of this city, were married on Thursday afternoon at the First Christian church by the Rev. S. B. Moore. After a ten days' visit to West Tennessee they will reside at 930 Chest street.

Our National Wealth.

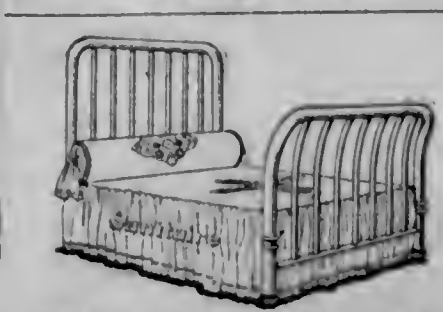

In 1860 the United States held the fourth rank among the manufacturing nations. Great Britain, France and Germany were ahead of us, in the order named. We passed Great Britain in 1880, and today the aggregate of our manufactures equals that of Great Britain, Germany and France combined. The value of our products of manufactures has doubled since 1888. In the value of the property represented, manufactures ranks third among the great activities of the United States, agriculture being first and the railroads second, but in the number of persons employed agriculture is the only interest which leads manufactures. Manufactures is far ahead of agriculture in the value of the products. The money invested in manufactures represents an eighth of the value of all the real and personal property in the country. The United States manufactures 35 per cent of all the manufactured products of the world. The value of the farm property of the United States increased from \$7,980,000,000 in 1860 to \$20,514,000,000 in 1900, and it is about \$25,000,000,000 in 1908.—Leslie's Weekly.

SCORE BY WHICH P. H. S. BEAT HOPTOWN.

High School Lads Play Interesting Game of Football at League Park Grounds.

The Paducah high school football team defeated the Hopkinsville High school team yesterday afternoon at League park, in a clean and fast game of football, by the final score of 16 to 0. The local team won the game by good playing and the fast formation of plays, which showed that their hard practice the last two weeks was not lost. The Hopkinsville team played a hard game but were outplayed at all times in the game.

C. Meacham, left half for Hopkinsville, was their best player and was in every down. Rudd and J. Cate, ends for the visitors, made some fine tackles and were good at breaking up formations. R. Meacham, captain and quarter for Hoptown, was a heady player and used good judgment.

For Paducah, Hays, who played

FAKE HAIR PREPARATIONS.

Do Hair No Good, But Often Cause It to Fall Out.

Many hair preparations are "fake" because they are merely scalp irritants. They often cause a dryness, making the hair brittle, and, finally, lifeless. Dandruff is the cause of all trouble with hair. It is a germ disease. The germ makes cuticle scales as it digs to the root of the hair, where it destroys the hair's vitality, causing it to fall out. To cure dandruff, the germ must be killed. "Destroy the cause, you remove the effect." Newbro's Herpicide is the only hair preparation that kills the dandruff germ, thereby leaving the hair to grow luxuriantly. Sold by leading druggists. Two sizes, 50c, and \$1.00. Send 10c. In stamps for sample to The Herpicide Co., Detroit, Mich. R. W. Walker Co., Special Agents.

right half, was a star player. His tackling and carrying the ball for big gains was sensational. Captain Wilhelm, at quarter, marched his men down the field as though they were veterans of many battles. Yarbrough and Burton, the other backs for P. H. S., were good on carrying the oval for gains when called on. Epperheimer and Luftenberg, ends for Paducah, repeatedly tackled the Hoptown players for a loss of several yards, and the forward pass was worked for big gains with both ends in the line. Sills and Bond, playing guards for P. H. S., tore holes in the line of their opponents and bursted the formation of plays in the start. Harth at center played hard and his work of passing the ball was fine. The tackles, Hatcliff and Lamb, were called upon to carry the ball and both made long gains at times.

Burton, Lamb and Hays made touchdowns and Harth kicked goal.

DATES OF EXPIRATION OF TERMS OF FEDERAL OFFICEHOLDERS IN KENTUCKY

Washington, Nov. 21.—The sub-

joined list for the information of those Kentucky Republicans who hope to dislodge the present officeholders has been obtained at the department here. It gives the date on which the incumbents qualified and the expiration of the four-year term of officeholders read for a term of "four years," this is purely discretionary with the president, who has the power to reappoint other men when he pleases, subject, of course to confirmation by the senate.

United States Attorneys—Eastern district, James H. Tinsley, qualified December 17, 1905; expiration of four years December 17, 1909.

Western district, George Du Relle, qualified June 22, 1906; four year term expires June 22, 1910.

United States Marshals—Eastern district, S. M. Sharp, January 16, 1906; four year term expires January 16, 1910.

Western district, G. W. Long, December 17, 1905; expiration same date 1909.

Collectors of Internal Revenue—Second district, E. T. Franks, January 20, 1898; expiration under four-year rule same date 1902.

Sixth district, M. L. Galvin, December 18, 1907; expiration same date 1911.

Seventh district, S. J. Roberts, January 29, 1908; expiration same date 1912.

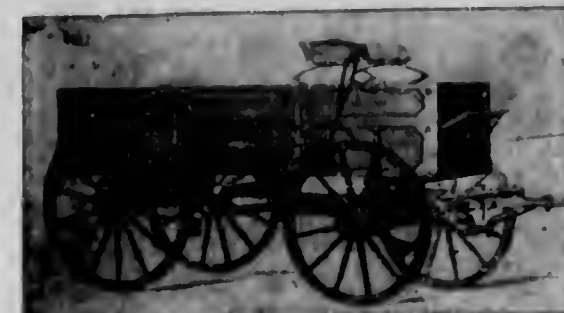

Eighth district, J. S. Cooper, December 20, 1906; expiration same date 1910.

In the case of J. Frank Taylor, surveyor of the port of Louisville, he was appointed July 1 last, but has not been confirmed by the senate. Taylor was appointed upon the recommendation of Representative James, of the Third district. The appointment being a recess one it will be necessary for the president to send Taylor's nomination to the senate when it meets next month in order that the advisory body may pass upon it before the expiration of the session.

REDUCES RATES

SOUTHERN PACIFIC COMPLETES WITH INTERSTATE ORDER.

Reductions of Five to Fifteen Cents Per 100 Pounds From Coast in Territory East of Missouri.

Washington, Nov. 21.—One of the most important railroad tariff reductions filed in the last year with the interstate commerce commission will be that for which special permission has been granted by the commission to the Southern Pacific company and its connections. It is a direct result of the order of the interstate commerce commission in the Pacific lumber cases, wherein the freight rates on lumber and lumber products were ordered to be reduced from points in Oregon and Washington to destinations in the east, particularly Missouri river crossings.

The Southern Pacific tariff now in preparation, and when completed will be filed and become effective on three days notice. It provides for reduced rates on a lumber, including timber, poles, shingles and finished building material, in car loads from points in California, Nevada and Utah to destinations in Canada and that part of the United States east of the Missouri river and north of Tennessee and North Carolina, and also to points in Colorado, Wyoming, Nebraska, Kansas, Arkansas and Texas.

The rates will be substantially in line with those fixed by the commission from North Pacific points. They will provide for a reduction of from 5 to 10 cents per 100 pounds on rough lumber and general timber from points from Oregon to Chicago.

To points east of Chicago as far as New York the general rate will be about 15 cents less per 100 pounds than it now is. All intermediate points between the South Pacific coast territory and the Atlantic seaboard will be affected by the new rates. The commission granted permission for the new rates to be put into effect in order that the South Pacific lumber producers and manufacturers might be able to compete for the eastern trade with the North Pacific producers. Not probably in the history of the interstate commerce commission has a freight rate been proposed which will affect so generally the building interests of the country as this one.

SAVING GRACE OF DOLLARS.

Bank Figures Show Antics of People's Money in Late Panic.

Statistics of savings deposits furnished in a recent bulletin issued by the controller of the currency are interesting and suggestive as to the manner in which the recent industrial depression has been met by the working people who constitute the majority of savings bank depositors. The shrinkage in deposits throughout the country from June 30, 1907, to June 30, 1908, was only four-fifths of 1 per cent. The savings banks of New York showed a loss of 1.2 per cent. Pennsylvania banks showed a gain of nearly 1 per cent, and Massachusetts banks showed a gain of nearly 2 per cent, the total gain of New England banks being \$28,000,000. In Ohio and Indiana the loss is trifling. In Illinois there was a loss of 7 per cent and in Iowa the loss was nearly 2 per cent. The total number of depositors in the country increased. The statistics suggest that the loss of wages has not forced a draft upon accumulated savings to any important extent. In the majority of instances, economy in manner of living has been resorted to and the savings fund has been kept intact. Needless expenses have been eliminated from household budgets, clothing has been forced to do an extra service and a greater value has been extracted from every dollar of wages earned. The country has not been impoverished. Its reserve resources have not been sacrificed. Extravagance in living and in business has been checked. A period of economy has been enforced. If the gradual recovery which is now in evidence continues without unforeseen disturbances, the final verdict upon the experience of the past twelve months will recognize its salutary effect.—Boston Herald.

Log Far Underground.
 Wood 404 feet under ground in a perfect state of preservation was found at the Alabang stock farm last week while boring for the second artesian well there. The drill had penetrated to a depth of 400 feet and had just been drilling hard rock, when it suddenly struck a log which was five feet in diameter and in a perfect state of preservation. How a log could be so far under ground and underneath a ledge of rock in perfect condition is a question that is puzzling the officials of the bureau of agriculture.—Manila Times.

FERMENTATION AND UNDIGESTED FOOD

Rid Yourself of Stomach Trouble Forever With Diapiesin.

Some people think they have indigestion, others Catarrh of the Stomach, others Nervousness, Cancer or Dyspepsia, etc. Call it this if you will, but the real name for your trouble is Food Fermentation, with only partial digestion. Everything you eat turns to either acid, Stomach gas or Stomach poison, which weakens the digestive organs, causing a lack of gastric juice. Your food sours, is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, burning sensation, a feeling of vomiting, heartburn, water brash and tenderness in the pit of the stomach, shiny tongue, had taste in the mouth, constipation, nausea, belching of gas, dizziness, sick headaches, mental depression and many other common symptoms.

You can cure all this by not eating, by not putting any food in your stomach to ferment, but how about the nourishment needed to sustain your bodily strength? If you are a stomach sufferer, either man or woman young or old, whether you call it indigestion or any other name, go now to your druggist and give 50 cents for a case of Pape's Diapiesin.

Every possible kind of Stomach trouble is readily cured by Diapiesin, which takes right hold of the food in your stomach and digests it alone, without the help of the stomach, just as if your stomach wasn't there.

After a few days' use of Diapiesin your Stomach will again be in good working order, your meals will thoroughly digest and your intestines will be clean and fresh and you will have no use for laxatives or liver regulators.

VON BUBLOW

DELIVERS LONG ADDRESS BEFORE REICHSTAG.

His Speech Deals With Imperial Revenues and Foreign Relations of Empire.

Berlin, Nov. 21.—Chancellor Von Bublow delivered a lengthy address before the Reichstag, dealing with imperial revenues and foreign relations. He expressed the opinion that existing unfriendly feelings toward Germany could be overcome. Germany, he declared, occupied the position of parvenue among the nations of Europe and that a parvenue was not loved anywhere.

Herr Sidlow, secretary of the imperial treasury, in a four hours' speech explained and defended the government's ten finance bills. He argued that Germany was well able to raise the \$125,000,000 new revenues required and appealed to the patriotism of the house to adopt the bills.

The people he declared must either assume the burden of taxation. If they wish to occupy the position to which their civilization entitles them or else the empire must take a downward path of financial weakness, which led the old German empire to its downfall.

DEATH WATCHES.

Insects Which Are the Cause of Ancient Superstition.

Everyone has possibly heard in apartments a number of blows in series, which certain imaginative persons attribute to spirit rappers, but which naturalists trace to less marvelous causes. It is the so-called "death watch" which is responsible for the uncanny noises, an insect whose habits have been well studied by Hocker, Tachenburg and other authors. It is generally during the night that it produces the ticking sounds in questions, and as, in order to hear these, we must not go to sleep, and as usually, when we do not sleep we are more or less inclined to melancholy, the Anohluma have been named death watches.

In order to produce the sound, the insect, which is about a quarter of an inch in length, draws in the antennae and intermediate legs, and resting principally upon the medium legs strikes its head against its support by a sort of rocking motion. It is through this noise that the male calls the female.

The larva lives in wood which it gnaws in the interior without anything outside betraying its presence. On reaching its complete development it hollows out a cavity and becomes transformed therein into a chrysalis. The perfect insect comes forth a few weeks afterward and makes its exit from the wood by boring a perfectly cylindrical hole in it, which thereafter shows that the wood has been attacked; and it is often attacked to such a degree that every remedy is useless.

One variety of this species has the habit of feigning death when it is seized. This simulation is such that when immersed in water, and even in alcohol, the insect remains perfectly motionless. It would rather allow itself to be burned alive than betray itself.

The Right Sort of Wife.
 An Atchison man recently refused a proposal of marriage. "I like you," he said to the girl, "but you have too many friends. There would be too many at our wedding, for you would be afraid not to invite them all, and your many friends wouldn't be satisfied unless they made fools of us by playing some kind of crazy pranks on us when we started on our wedding journey. You have so many friends that we would get all kinds of wedding presents that we don't want, and would be kept poor in the future trying to pay back when the donors got married. You are nice, and I like you, but what I am looking for in a wife is a woman who is friendless."—Atchison Globe.

LENDLER & LYDON

A Phenomenon.

In the course of his sermon a preacher in a rural district used the word phenomenon. This word caused one of the members some trouble, for he was unable to attach any meaning to it. Finally, he determined to seek an explanation from the minister, and at the close of the service approached him on the subject.

"What did you mean by that there long word yer used in yer sermon?" he began.

"Oh, I see you do not know what a phenomenon is," replied the minister. "Well, have you ever seen a cow grazing in a field in which thistles were growing?"

"Yes; many a time."

"That is not a phenomenon. And no doubt you have often listened to a lark singing merrily away up in the clouds?"

"Yes."

"That, again, is not a phenomenon. But if you saw that cow sitting on a thistle singing like a lark, that would be a phenomenon."

"What are those notches in your gun?" asked the clerk who was visiting the ranch. "They represent men," replied Cactus Sim, "who thought they wuz smarter than I wuz."

"A good idea. I'll have to notch my parson's handle."—Pittsburg Post.

S.S.S. CURES CHRONIC ULCERS

Any chronic ulcer shows an unhealthy and impure condition of the blood. It is a diseased condition of the flesh at that particular spot, caused and kept inflamed and irritated by a continual discharge into it, of unhealthy matter from the circulation. No treatment can have any curative effect except a medicine which will renovate the blood and entirely remove the cause. Salves, washes, lotions, etc., are sometimes helpful in reducing inflammation, cleansing the ulcer, or perhaps lessening the discharge, but such applications do not reach the blood where the disease germs are located and can never effect a cure. S. S. S. goes down into the circulation, drives out all impurities and morbid matter, and by nourishing the flesh with rich pure blood causes the place to heal naturally and permanently. S. S. S. does not make a surface cure, but by beginning at the bottom, and rebuilding broken-down tissue, and supplying healthful, healing qualities to the blood, causes the place to fill in with new, firm flesh, while it steadily but surely effects a permanent cure. The ulcer can not exist when the blood is pure, and S. S. S. will thoroughly purify the blood. Book on Sores and Ulcers and any medical advice free to all who write.

FARM TROUBLES

RURAL RESIDENT TELLS ABOUT HIS EXPERIENCES.

No Fun to Bath in Tin Washbowl With a Sharp Rim.

A farmer who lives west of Dodge City, Kan., says in the November American Magazine:

"I am a farmer. I live on a 200-acre place. I am the only one of five children to stick to the farm with the old folks. I am getting well on toward 40 years old. I don't mind telling you that I'm plum sick of it, too.

"Year after year I've tugged along here in these fields of ours, listening to the whistle of the old passenger trains morning and evening, and wondering if, some time, I wouldn't just drop the lines and go to the station and get on the train and go away and never come back. But then I get to thinking it over in the night, when I'm too tired to sleep and my legs ache and my eyes sting, and I come to the same old decision—to stay by the old folks.

"You won't see many 'boys' as old as I am on the farms in Kansas. They call me an old bachelor out here at Dodge and other towns where I'm known, but I don't care. Once, long ago, I went to Kansas City and saw a play called 'Peaceful Valley.' There was a fellow in it in my fix. He couldn't leave home because of mother a-leaning on him.

"If you see boys leaving the farms, you'll find that it's caused more by days that are too long than anything else. The boys need a share in the earnings. Girls need society of some sort. They'll get it, too, some way—like my sisters did. Community farming is the answer.

"The women and girls don't get a fair show out here on any farm that hasn't an up-to-date house and facilities for getting into town. You will hear dozens of farmers deny that anything is wrong on the farm, but that is to be expected. As I said a while ago, no one except the old man ever gets enough sleep, and he's the last to complain. You get the real tragedy of the story when you meet the women and the girls and talk with them and get them to talk to you.

"Get the president to scold Kansas a little about its roads. The state hasn't done a thing in that line—at least, very little—and the roads are very bad. Roads are mighty important to the women. If the road is good, the old man will let the women folks take the horses to town; if they're bad, he won't. Tell farmers to buy bath-tubs so that everyone won't have to go into the front room or upstairs while someone takes a bath in the kitchen in the tin wash-bowl. Did you ever try to take a bath in a small, round galvanized iron or tin tub that had a sharp rim? Don't try it. Bath-tubs and books are needed on Kansas farms. Good roads are needed. Modern ideas in the heads of father and mother—but especially father—are needed. Can the president help us out?"

Congressional Influence.

"The folks at home are kicking because you haven't got 'em a post-office building or nothing."

"How's the season been?" inquired the congressman, thoughtfully.

"Fine and favorable."

"Explain that it's due to my influence with the weather bureau."—Kansas City Journal.

SCIENTIFIC RUBB.

Knew More Than the Expert When It Came to Local Conditions.

"We were sitting around the stove in the bar of the little hotel in a Maine town," writes an electrical salesman in the Electrical Review, "when the electric lights flickered and went out.

"From the darkness came a solemn voice that said: 'Electric lights all out, b'gosh, and yet it ain't blowin' hard either. Somethin's happened to the dynamo, maybe.'

"I had been selling electrical supplies to the little lighting companies for several months, but I had never heard this particular idea expressed before.

"I laughed long and loud, and was all the more amused when no one joined me.

"After they had lighted a big kerosene lamp I proceeded to explain to the crowd that incandescent lamps can't be blown out by the wind. When I had finished, the old, rubbe who had commented on the lights said:

"Look here, young man, if you knew a little somethin' about local conditions and about your own business, you'd know that the wires in this township are hung up slack on the poles in some places and that they get to slapping in a good stiff breeze. When they do there's a short circuit that puts the line out of business."

DON'T BLAME HER

For she cannot help it. Women are often cross, irritable, hysteric, and declare they are driven to distraction at the slightest provocation.

Men cannot understand why this should be so. To them it is a mystery because in nine times out of ten this condition is caused by a serious feminine derangement.

A remedy is necessary which acts directly upon the organs afflicted, restoring a healthy normal condition to the feminine system, which will quickly dispel all hysterical, nervous and irritable conditions. Such is

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

The following letter serves to prove this fact.

Mrs. Mattie Copenhaver, 315 So. 21st St., Parsons, Kans., writes:

"For two years I suffered from the worst form of feminine ills, until I was almost driven frantic. Nothing but morphine would relieve me. Lydia E. Pinkham's Vegetable Compound brought me health and happiness and made me a well woman."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulcerations, fibroid tumors, irregularities, pains, backache, that lead to nervousness, indigestion, dizziness, or nervous prostration. Can't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

FROM THE JOURNAL OF MADAM LEANDRE

There are cases when bleached hair and faded faces are more of a curse than dyed hair and rouged cheeks.

To assimilate impressions and to find forms of expression—what else is life? Marriage broadens the woman and narrows the man. Helms! The naive tragedy of a first love! It leaves a faint, frail bitterness in our hearts . . . that subtly and exquisitely seasons our future experiences.

If you are happy you can never be unusual. Impulse is subconscious intelligence.

A woman must not expect happiness in marriage. But she can be ever certain of finding it in the misery most dear to her heart. —Helen Wolfe, in December Smart Set.

CHRISTMAS STAMPS

WILL BE ON SALE IN MANY KENTUCKY CITIES.

Unique Method of Encouraging Anti-Tuberculosis Campaign Explained.

The coming of Yuletide and the return of the holidays bring with them the first appearance in Kentucky of the Christmas Stamp, which has come clear across the ocean to help in the battle now being waged against tuberculosis. Its home was in Denmark, but it proved to be so powerful a weapon in the great fight that Americans transported it and used it effectively last year in the east. The Kentucky Anti-Tuberculosis association, with headquarters in Louisville, is in charge of its introduction in this city and in others throughout the central and western part of the state, while the Lexington association will be in charge there and in the east.

The Christmas Stamp, issued by the National Red Cross society, is more powerful than it looks. To outward appearances it is simply a holiday "sticker," adorned with a holy wreath used on letters and packages during the Christmas season. But this stamp is distinctive; it is sold for a cent, and the hundreds of thousands of pennies that flow in through its sale create a fund which is usually large enough not merely to aid in the general work, but actually to save many lives.

The cities which are included in the territory assigned to the Louisville organization include Paducah, Mayfield, Madisonville, Hopkinsville, Henderson, Owensboro, Russellville, Bowling Green, Lebanon, Versailles, Frankfort, Shelbyville, Princeton, Elizabethtown, Hardtstown and Carrollton. It is intended, according to announcement received here today, to have the stamps disposed of through local merchants, women's organizations and at the post office, while all organizations which have the betterment of conditions in this state, whether it be business, religious or educational, will be expected to lend a hand in its sale.

AMONG MAN-EATING PEOPLE

Survivor of Cannibals and White Ants Writes of His Experiences.

From Kilimanjaro, German East Africa, Rev. Peter MacQueen, a former pastor of a Charlestown, Mass., church, writes:

"Kilimanjaro is 19,700 feet high, the highest on the whole continent of Africa, and we have placed the American flag higher than it has ever been before among the equatorial snows. Snow begins at 14,000 feet. The climate up here is cold. The natives are the Masai, the famous people who live on drinking blood. They put an iron quill in the neck of a live animal and drink the blood warm out of its veins. I performed the rite of blood brotherhood with one of the Masai chiefs. We sat down on the ground. He opened a vein in his arm; I opened one in mine. Then I put some of his blood in my arm, and he put some of mine in his arm, and rubs over with salt.

"I have actually eaten with cannibals. Not their especial food, but with men who owned up to me that they ate the legs and arms of their departed relatives. It is a wild theory of theirs. They open the grave and cast the body to the hyenas, all the body except the parts mentioned, which they eat.

"Lions are not brave as we have always thought they were. They are cowardly brutes; but very cunning. One man (an Indian) shot a lion near here and did not kill it. It crawled to his hut after dark and, dragging him out from between his wife and child where he was asleep, it ate him in the jungle near by. Next day they found his bones.

"Then the white ants have bills ten feet high. They have an army as well equipped and disciplined as that of Kaiser Wilhelm II. As for birds, the forest is burning with all sorts of crimson color, the flash of sapphire wings, the flush of purple

How we dislike to accept a favor from a person we dislike.

Making Good Makes Friends

There is no way of making lasting friends like "Making Good"; and Dr. Pierce's medicines well exemplify this, and their friends, after more than two decades of popularity are numbered by the hundreds of thousands. They have "made good" and they have not made drunkards. A good, honest square-deal medicine of known composition is

Dr. Pierce's Golden Medical Discovery.

It still enjoys an immense sale, while most of the preparations that came into prominence in the earlier period of its popularity have "gone by the board" and are never more heard of. There must be some reason for this long-time popularity and that is to be found in its superior merits. When once given a fair trial for weak stomach, or for liver and blood affections, its superior curative qualities are soon manifest; hence it has survived and grown in popular favor, while scores of less meritorious articles have suddenly flashed into favor for a brief period and then been as soon forgotten.

For a torpid liver with its attendant indigestion, dyspepsia, headache, perhaps dizziness, foul breath, nasty coated tongue, with bitter taste, loss of appetite, with distress after eating, nervousness and debility, nothing is as good as Dr. Pierce's Golden Medical Discovery.

It's an honest, square-deal medicine with all its ingredients printed on bottle-wrapper—no secret, no hocus-pocus humbug, therefore don't accept a substitute that the dealer may make a little bigger profit. Insist on your right to have what you call for. Don't buy

Dr. Pierce's Favorite Prescription

Expecting it to prove a "cure-all." It is only advised for woman's special ailments.

It makes weak women strong, sick women well. Less advertised than some preparations sold for like purposes, its sterling curative virtues still maintain its position in the front ranks, where it stood over two decades ago.

As an invigorating tonic and strengthening nerve it is unequalled. It won't satisfy those who want "booze," for there is not a drop of alcohol in it.

Dr. Pierce's Pleasant Pellets, the original Little Liver Pills, although the first pill of their kind in the market, still lead, and when once tried are ever afterwards in favor. Easy to take as candy. They regulate and invigorate Stomach, Liver and Bowels.
